Breath, prepared by Light & Watson.

Mr. Edward Elliott, son of Mr.
Thomas Elliott, of the Watson House,
has bought out Mr. George W.
Duke's store and restaurant in Shep-
herdstown.

Messrs. M. Palmbaum & Bro. are
receiving fall and winter goods.—
Their stock this season looks larger,
with finer selections than ever before.
Their prices always suit the people.

Mr. S. D. Hirschman has sent us,
from Marietta, Ga., several bolls of
cotton. They are opened, in the
state just ready for picking, and look
duite pretty as they ornament our
office desk.

Mr. Owen Vanvaster, who is one
of the best shots in the country, re-
cently put a ball through a fish-hawk
at three hundred yards with a Win-
chester rifle, and then killed its mate
on the wing at a little less distance.

Master Garland Heffebower, son of
our enterprising auctioneer, Mr.
Daniel Heffebower, on last Saturday
showed us two very young turtles
hatched from eggs secured along the
Bullskin run. One had been hatched
the day previous, and the other came
out of the shell that morning. They
were as lively as crickets, and to the
uninformed would appear much older
than they really were.

We witnessed last Friday what
came near being a most serious if not
a fatal accident. Mr. Abner Hop-
kins was driving with Miss Sue B.
Stribling, of Martinsburg, in a dog-
cart, and when turning to enter the
enclosure at the N. & W. station, one
wheel struck a post in the center of
the gateway. This threw Miss S.
forward over the dashboard with her
head almost literally under the horses
hoofs, whilst at the same time the
point of the shaft pierced the horse
just back of his right fore-leg. How
it came that the horse, under these
circumstances, did not kick the young
lady's brains out, seems little short
of a miracle. As it was, one of her
hands was severely sprained. This
post is a dangerous affair, and we
trust the railroad authorities will sub-
stitute something else in its place—
one not so high by ten or twelve
inches, if nothing more.

thirty odd years ago was pastor of
the Elk Branch Presbyterian Church
at Duffields, and who has not been
in the county since the close of his
pastorate at that place, made his
niece, Mrs. R. W. Morrow, a visit last
week. He was forcibly struck with
the vast improvement made, and
progressiveness manifested by Charles
Town.

bride recently spent a few days here),
carries his wife, and Miss Packard,

Mr. Austin M. Locke passed a
credible legal examination, preparatory

gratulated upon his readiness and
thoroughness by Judges Lucas, Eng-
lish and Holt.

Mr. Van Lear Lippitt has just
passed successfully the entrance ex-
aminations at Lehigh, where there
were about 400 applicants. This was
especially creditable as he has been
absent from school for eighteen
months, with the exception of some
weeks' coaching during the summer
under Mr. E. R. Taylor.

The Steiff Pianos are deservedly
popular instruments, and continue to
command ready sale. Several have
been disposed of in this community
recently. Mr. J. Henry Noland is
the local agent. He has long since
won an enviable reputation as a sales-
man of musical instruments, and with
a good article like the Steiff at his
back he has but little trouble to set
forth its merits and sell right along.

A Card.

I wish to inform the people of Charlestown
and vicinity that I have come down to busi-
ness and will always be found at my store,
and all orders left with me will receive my
prompt attention. Thanking you one and all
for your kind patronage, I solicit a contin-
uance of the same. Very respectfully,
HARRY M. WHITTINGTON.

The seven cars carrying the ma-
chinery of the Goetz Harness Fac-
tory, which arrived here last week
from Martinsburg, Pa., each bore a
significant banner lettered as follows:

*A. D. Goetz
Hardware and Sundry Factory,
in transit to
Gateway of the New South,
Charles Town, W. Va.*

The Washington Star of Thursday
says:

A very pretty wedding took place
at 8 o'clock last evening at the resi-
dence of the bride, the contracting
parties being Miss Iphigenia Young
and Mr. George E. Bell. Only the
immediate families were present.—

Rev. J. H. Muir of E Street Baptist
Church performed the ceremony,
after which the guests were enter-
tained with music, followed by a wed-
ding collation. The young couple
will be at home after September 15,
at 2205 H street northwest.

We congratulate our young former
townsman, and wish him and his fair
bride much happiness.

Mr. J. W. Tinsley, the principal-
elect of the Charlestown Academy, is
here, and has been for a week past,
and has about perfected his arrange-
ments for re-opening the school on
Wednesday, 16th, and we are pleased
at the prospect he has for the be-
ginning, under favorable auspices,
of the new term. The Charles Town
Academy is a venerable institution—
a century old, and in the years has
had eminent teachers and many of
its pupils have occupied high places
in military and civil life. Prof. Tins-
ley comes to it with endorsements
that might stimulate him to yet higher
endeavors as an educator. He is
to be assisted by Mr. Chapman, a
graduate of Randolph Macon College.
The Academy will be well equipped
with essential and improved and ap-
proved apparatus for use in the study
of the sciences.—*Free Press*.

A match game of tennis was played
in town on Monday of last week
between the Messrs. John Peyton
Clarke, (1 & 2) of Winchester, and
Messrs. T. Percy Mallorie and Wm.
H. Wilson, of this place. The games
were played in the morning on the
court at Dr. Richardson's in the pres-
ence of a large crowd of spectators.
The Messrs. Clarke are considered
Winchester's best players, and the
game they put up here fully justified
this distinction. They were no match
however for the Charles Town team,
and were taken into camp rather easily
as the appended score will show. The
winner was to be decided by the best
three out of five sets. Messrs. Mal-
lorie and Wilson won the three first
sets playing with the score 6-3, 6-4,
6-3, thus winning the match and re-
taining for Charles Town the supremacy
gained in Winchester a month
ago.

Mr. Mallorie played Mr. John
Peyton Clarke, No. 2, beating him in
singles 6-4, 6-4.

In the afternoon, on the court at
Col. Chew's, Messrs. Wilson and
Mallorie again defeated the Messrs.
Clarke 6-3, 6-2.

The visitors took their defeat grace-
fully, passed the highest encomiums
on the beauty of Charles Town girls,
and left on the night train declaring
that they had spent a most enjoyable
day, and leaving behind them the
opinion that they were good players,
and better fellows. Another match
will be played in Winchester between
the same teams during the first part
of this week.

Be Sure

If you have made up your mind to buy
Hood's Sarsaparilla do not be induced to take
any other. Hood's Sarsaparilla is a peculiar
medicine, possessing, by virtue of its peculiar
combination, proportion, and preparation,
curative power superior to any other article.
A Boston lady who knew what she wanted,
and whose example is worthy imitation, tells
her experience below:

To Get

"In one store where I went to buy Hood's
Sarsaparilla the clerk tried to induce me buy
his own instead of Hood's; he told me that his
would last longer; that I might take it on ten
days' trial; that if I did not like it I need not
pay anything, etc. But he could not prevail
on me to change. I told him I knew what
Hood's Sarsaparilla was. I had taken it, and
was satisfied with it, and did not want any other.

Hood's

When I began taking Hood's Sarsaparilla
I was feeling real miserable, suffering
a great deal with dyspepsia, and so weak
that at times I could hardly stand. I looked
and had for some time like a person in con-
sumption. Hood's Sarsaparilla did me so
much good that I wonder at myself sometimes,
and my friends frequently speak of it. Miss
Ellis A. Goff, at Terrace Street, Boston.

Six car loads of machinery have
been received by the Vulcan Road

to appreciate the merits of the Pen-
nock Reversible Road Machine, and
the advantages of our new home man-
ufacture. Kabletown District after
trial recently ordered a machine, and
several other districts of Jefferson
are contemplating purchase at an
early day. Moundsville and Glen-
dale, in Marshall county, also pur-
chased these machines recently, and
a second one has been ordered for
Brunswick, Md.

John, have you seen that woman
lately?

John, in astonishment, What wo-
man?

That woman picking grapes for
Speer's Wines. Just see her in an-
other column and read about it; the
wines are found by chemists to be
perfectly pure and equal to the best in
the world. The Boards of Health in
Large Cities and leading Hospitals
have adopted their use where wines
are needed.

We happened to drop in upon our
worthy Mayor, Mr. Gustav Brown, a
few days ago, and found him busily
engaged in making up his quarterly
corporate report. Among other
items cited was that of fines, his
books showing upwards of \$100 in
cash collected during the past quar-
ter, besides quite a little nice sum,
perfectly good, that was uncollected.

Officers of the law, regardless of
sex, race or previous condition of ser-
vice are usually satisfied with at-
tending Mayor Brown's court but
none. Trials are short and to the
point, and results are financially dis-
astrous. Mr. Brown is a faithful and
efficient officer, and the amount of
fines collected is quite an item to our
corporation exchequer.—*Advocate*.
